

Seek and Ye Shall Find!

Christ Church Cathedral is a treasure trove of sculpture, stained glass, and architectural details. All of the images in the Scavenger Hunt can be found in the Nave, the name for the main part of the church. See how many you can find. Some of these are easily visible while others may take some searching to find them. When you're done, go to www.christchurchcathedral.us to find out where they are and learn some of the history of the items. For reference, the wall with the high altar is the east wall. Good Luck!
